SUNDHAR G

TEST & FA ENGINEERING

Associate Degree – Qualified Jr – Engineer with **Four years of experience** in the Electronics Manufacturing Services [EMS] industry worked background spans in Hardware Test related services of PCB/MLB/FATP Telecommunication and power electronics domains, handling NPI phases such as Engineering builds and Expertise in product validation and troubleshooting during PVT build adherence to QMS/LEAN standards, Seeking a role that allows further knowledge & skills development across the Electronics Field

EXPERIENCE

2025 **Foxconn Hon Hai Technology India Mega Development Pvt Ltd** – Bengaluru
Designation - Junior Engineer ***Department*** - MLB-TE ***Product*** - Apple iPhone

- Responsible for Operation Build (Ops) activities including Test Set-up and Validation from OVB/PRB/PPVT/PVT stages through to Ramp up - Mass Production (MP) approval process.
- Executing start-to-end the Line Bring-up Unit [LBU] process, initiating and overseeing key activities including CTB / Inspection / Retrofit / Instrument and Fixture Calibration / Test Result / ESD measurements, Gage R&R, CPK attachments as well compiled detailed Line Qualification Reports & Lesson Learned Reports for Lean Production.
- Installing various types of AP [TransTest], RF [Tescom / Anora] test fixtures with equipment communication interface using block diagram accordance with standard operating procedures [SOPs] & Ensuring the fixture health conditions.
- Resolving the power and RF failure parameters in FCT / Cellular [2G,3G,4G,5G] & Non Cellular [Wi-Fi] test stations.
- Attending sync-up & wrap up meeting and give the presentation for Offline QPL or Robotics breakdown or NTF.
- Monitoring and maintained key production metrics such as UPH / FPY / Total Yield Rate & NTF [DPPM], Mapping customers feedback through QFD process, Mainly focused on reducing Retest Rate.

2024 **Salcomp Manufacturing India Pvt Ltd** – Chennai
Designation – Test Technician ***Department*** – Enphase Engineering ***Product*** – Micro-Invertor

- Automated Test Equipment [ATE] and semi-automated testers installation and communication of instruments like DAQ / AC-DC Hioki power meter, KIKUSUI pacific AC power source with computer interface as well Bed Of Nails [BON] compatibility to Test Head, position alignment, X-Y axis movement calibration.
- Testing multiple products like Micro-Inverter / System Controller at ICT [Keysight i3070] / FCT / ET [Emechanicz] HT / ST stations and identifying appropriate RC&CA to minimize downtime for occurred failure parameters.
- ASIC program uploading and doing PCBA level Bench Testing and debugging up to Box Build Testing.
- Changeover & Remote Login – Help to understand the customers specification.

2022 **Indian Power Electronics India Pvt Ltd [IPEC]** – Bengaluru
Designation – Test Engineer ***Department*** – TE ***Product*** – EV charger & Harness

- Delineate and managing testing SOP for the entire testing stations and maintaining all testing stations test logs & reports required by management & Ensuring NG part validation.
- Manual functional performance testing of electric vehicle chargers such as:
  Ather portable EV charger – Checking I/O constant current / constant voltage and power cycle function.
  OLA hyper EV charger – Continuity testing / safety related testing / software sequence testing with TCU category of Embedded systems and over voltage / under voltage test using transformer & Ensuring the Grounding / Earthing connection.
  HMCL vehicle inlet harness – Hi-pot testing and Insulation Resistance (IR) testing.

2021 **Nokia Solutions & Networks India Pvt Ltd** – Chennai
Designation – Test Technician Trainee ***Department*** – MS Testing ***Product*** – BTS

- ***MFT*** – Installation of GPIB testers as well troubleshooting significant parameters.
- ***Filter*** – Rectifying the tunning problem by E-Cal [8509xC/D, N4431B, N443xA/B series] & Fixing of alignment issues on Jig / Auto tunning fixtures.
- ***CUTS*** – RF tester calibration using NRP power sensors with attenuators.
- Preventive maintenance support as well monitoring periodic & predictive maintenance for all test stations weekly and monthly.
- Supporting to Senior Technicians and Engineers while checking major down tester.

SKILLS

Manufacturing & Technical Knowledge

- **Test** – [DUT/UUT] Functional Test [FT], In-Circuit Test [ICT], Hi-Pot Testing [HT] & IR Testing.
- **Equipment's** – VNA / Spectrum Analyzer / CMW / DMM and AC to DC / DC to AC Auxiliary Power Supplies.
- **Electronic Components** – Identification, value reading and testing of Active and Passive components.
- **Automation** – A1200 / A1701 Robot & Claw installation and setting the position points using HMI.
- **Communication Protocols** – I2C, SPI, UART and CAN.
- **Debug & Rework** – THT components Soldering / Resoldering & Desoldering of PCBA.
- **Drawings** – Understanding GD&T concept technical drawings and PCBA schematic diagrams.
- **Process** – PCB stack-up and Apple iPhone MLB/SMT process flow & Lean Methodologies.
- **RCA** – Brainstorming Troubleshooting techniques, Fish Bone Diagram Analysis, 5W2H, Five whys, A3 sheet, CAPA.
- **Software & Tools** – Microsoft Excel, Word, PowerPoint and Minitab Workspace.

ACHIVEMENTS

- Completed Convert AC to DC 12V-9V-5V sample.
- Done marginal analysis for [RR - 16%] special cause failure parameter and fixed that failure code after [RR - 4%]

EDUCATION

Associate – Degree

2018 – 2021 Electronics and communications Engineering in DIPLOMA – with an overall percentage of 78%.

Thanthai Periyar E.V Ramasamy Government Polytechnic College [TPEVR] – Vellore.

Certifications

Training Courses & Certifications

- Root Cause Analysis and the 8D problem solving method certification Link
- Measurement System Analysis [MSA] certification Link
- Statistical Process Control [SPC] studies Link
- Design of Experiment [DOE] certification Link
- Lean Six Sigma Green Belt [LSSGB] certification Link
- ISO/IEC 17025 Laboratory Management Systems Link
- IATF 16949 core tools certification – APQP/ PPAP elements Link
- Laptop Motherboard Troubleshooting course [still-in-progress]

LANGUAGE

English	Kannada	Tamil
Professional working proficiency	Full professional proficiency	Native or Bilingual proficiency

Note: Presentation Link providing detailed insights into my job profile are included for reference.
